Dear Mother, For Christmas, I wish you all the best and a very merry, peaceful Christmas. I hope my letters still arrive in time. I made so much myself this year, so I was very busy. I hope the package has also arrived. The cardigan is knitted from Indian wool; many people here wear them, and the Indians wear them as an outdoor jacket. Unfortunately, I couldn't wash it anymore but only steamed it. The slippers are from Alaska, made by Indians. Unfortunately, the whole report is still not finished. I also baked this year. Hilda cookies and Kuttlbahn. What actually became of the Krumm Cachkamm? Will it be subdivided?

I wish you and yours a very happy New Year and less and fewer worries. Warm regards,
Your Joh.
