Dodo i. Idowdo, J..(?) District Saturday, 27 Aug. 66. Dear Mother, Today your letter arrived with the one from Uncle Max. Many thanks for it, so that with your other letter, I didn't want it to be that 4 or 5 days had gone by. The cards are also included. I'll write to you with an answer as soon as I have one. The salary for a secretary varies a lot, as soon as I have an answer I'll write to you but they usually start from 450-500 DM. That's already 800 Dlb. a month. well paid other districts get 20-30 Dlb. more are over 1000 DM. you know, here it's rare that a girl is really interested and takes on responsibility, I notice that at our hospital, too. my supervisor is 34 years old and has been at the hospital for 6 years. she often asks me in the evenings if she can go to a , then I go to the patients by myself and nothing has ever happened now it's as if she's jealous, or envious, that's why she often starts arguments, really for no reason, then I tell her off again, and things are fine again.
