Dear Mother, Just a very quick note today, mecki is making pictures right now, an order for 450 photos, so I have to help with the fixing. But now quickly to the reason I'm writing: mecki and I thought that we could perform "Gotteskind" with the youth group. Would it be possible for you to send it to us by airmail? The postage will be on us; we've already ordered 5 albums from Photopost anyway, so everything will go on one bill. We have already thought about the roles, but we need to start rehearsals as soon as possible. Our trip was great, and so was ...'s wedding. I'm writing this while working, so more in a few days. Warm regards, Dork P.S. If bärbel sends it right away, I'll send a reel for the View-Master by return mail.
