They can't come like we can, that is, not financially. Dad once had 3 companies, clothing factories in Germany, one of which Inge built up all by herself and brought into full swing. Their mother has been dead for 18 years, so the two of them were in the little church for a long time. I think it's wonderful that you want to sing again. It's possible that you will receive another package from Photo-Porst at my address; please send it back to Photo- Porst. It is a Leica for one of our boys, but the fellow waited so long that it was too late. Last Sunday we took a few good pictures, which we have sent in to a competition.

Well, that's enough for today. Warmest greetings to all of you, Carl
