Hofheim, November 22 Dear Ulechi! Thank you so much for your letter. When are you finally going to send us your pictures from Säntis? I've been waiting for them for half a year. Are you coming to visit us and Ewert? On the first Sunday of Advent, there's a Christmas market in Frankfurt. I'm going there to do some shopping. What are you getting your various relatives? Are Friedl, Giesl and Mr. Jeser gone already? Where are they ??? going, anyway? Is my plant manager Mr. Auer already? What's Ulla up to? Are you is she staying longer? Does she have a job yet? Was it M. M. at Penn? was it nice? Do you have an address from England yet? Today with Geyer that or should I still played records. That would be something for you. I'm knitting a sweater for myself, white. With a wide fold-over collar. I'm very pleased with it. Yesterday Family ? was here. Wanted to know something, actually. D'knitting. I get the things in a trade, all cheaper than over there where you are. You know that I'm always on the hunt for books. The Berge wool shirt is being traded by Rudi Joos for the belt with me. Just please, also find a once you've tracked it down. Whether it or Charis's photo is better, almost without Muck it is.

What should I get Grandma?

Warm regards, Dorli
